

Dear Christian School Administrator and Staff,

- IF** your school is in need of extra financing
- IF** you are tired of endless fund raising activities that drain your energy and steal your time
- IF** your fund raising programs result in opportunity costs that exceed the monetary benefits
- IF** you are interested in spending less time and realizing more benefits
- IF** you are interested in a fund raiser that once implemented, becomes perpetual
- IF**, and you know your school is, blessed with a support group comprised of family, church and friends who love their school and want to see your students succeed in their endeavors to gain a Christian education and serve the LORD
- THEN** we have a proposal for you

Help raise those extra funds needed for various programs and tuition by sharing the good news of the *Amazing! NOK OUT™* Odor Elimination & Disinfectant System product line with your family and friends.

The NOK OUT Fundraiser delivers a two for one punch! Your family and friends get more for less, and your school receives a substantial donation.

Send them to our website at www.nokout.us and help them to simplify, save, and secure their peace of mind. Once they have used NOK OUT, they will forget about all those other costly household and commercial cleaners. By ordering NOK OUT, your family and friends will get a better product at a better price, AND help support your schools efforts to provide a quality Christian education.

There are many great reasons for utilizing this opportunity, some of them are:

- Donations based on 30% of all sales
- Ease of implementation – the Internet’s social network can be used to your advantage – word of mouth is still the greatest advertising tool ever invented
- Your supporters will remain your supporters – as long as they order from www.nokout.us your school will continue to receive its monthly support check

You say, “This sounds too good to be true,” well, on the surface, yes, it does; but in actuality, it does require your input to make this a successful endeavor. Your enthusiasm and excitement about this opportunity will spread to your family and friends, and they will become your schools’ staunch supporters!

Say YES! To our proposal today, and begin earning extra support right away!

Signed,

Ferry Long & Alice Paulick,

Grime Busters, Your NOK OUT Distributors
